**CAMBRIDGE PROPERTY & CASUALTY CEO ACKNOWLEDGED
BY LEGAL COMMUNITY FOR OUTSTANDING PROFESSIONAL
ACCOMPLISHMENTS IN THE LAW**

LIVONIA, Mich. – April 24, 2008 – Cambridge Property & Casualty, one of the largest insurance agencies in Michigan, announced that its CEO, Michael S. Hale, J.D., CPCU, AAI, CIC was selected by a panel of independent attorneys and judges as one of the top twenty outstanding-in-house counsel in Michigan for 2008. *Michigan Lawyers Weekly* and *Mid-West In-House Counsel*, two prominent and widely recognized legal publications, sponsor the award.

He shares this honor with in-house counsel from AAA of Michigan, the Detroit Medical Center, Ford Motor Company, The County of Oakland and Delphi, among others.

As CEO, Hale leads Cambridge Property & Casualty's business operations and oversees legal issues in addition to providing risk management services for clients. He also serves as president of the law offices of Hale, Stein, Murphy, Hale & Associates P.C., a law firm that specializes in insurance-related and risk management consulting for commercial entities.

"Mike Hale is commonly regarded as a major player in insurance markets in Michigan and he is walking proof what a lawyer can do outside of traditional law practice," said John Jacobs, appellate lawyer who nominated Hale for this honor. "He is a leader in innovative and positive commercial insurance programs for local businesses and for law firms seeking malpractice coverage for many years. I have had the pleasure of developing legal theory with Mike over the past few years in cases where he has served as an expert witness for insurance agents and I am pleased to say that he is knowledgeable and yet not merely a shill for the industry, in that he always has the best interests of insureds at heart."

Cambridge Property & Casualty, a division of Cambridge Consulting Group, is one of the largest insurance firms in Michigan. The company's highly trained specialists help high net worth individuals and businesses protect against the loss of assets because of sudden casualties. To learn more, visit www.cambridge-pc.com.
